Once upon a time...

..In a land called **(1)** (Fictional land), there was a(n) **(2)** (Adjective) adventurer called **(3)** (Character name).

One day, while they were relaxing in the sunshine, they heard a(n) **(4)** (Adjective) noise in the distance. It was very strange and the adventurer became curious. They wrapped themselves in a **(5)** (Colour) cloak, collected their pouch and sword, and left to investigate.

They followed the strange noise into the **(6)** (Adjective) forest, and came across a tree with **(7)** (Adjective) branches, giving off a strange smell which reminded the adventurer of **(8)** (Yucky smell)!

At the foot of the tree there was a hole which emitted a soft glow. The strange noise seemed to be coming from inside. "Who's hiding in there?!", roared the adventurer.

Out of the hole slowly crawled a(n) **(9)** (Animal). "Sorry for all of the noise!", it muttered, "I was very upset. I used to be a(n) **(10)** (Royal title), but an evil **(11)** (Magic person) turned me into this **(12)** (Horrible word) animal!"

The adventurer was alarmed but knew that they may have the cure! They had been on **(13)** (No.) quests and adventures, and had collected all sorts of magic tokens and potions. They dug deep, deep, deep into their pouch and pulled out three items.

The first item was a **(14)** (Adjective) potion. They handed the potion to the animal and it slurped it down quickly. "Delicious", it said, "It tastes like **(15)** (Delicious food)!". They both waited but nothing happened.

The second item was a token etched with a picture of a(n) **(16)** (Something you draw). The adventurer gave it to the animal who held it tightly with closed eyes. They both waited but nothing happened.

The third item was a(n) **(17)** (Object). It looked entirely normal, but the adventurer had been promised that it was very special indeed. "A magic **(17)** (Object)!", exclaimed the **(9)** (Animal), "Are you sure it will work?". "Yes", said the adventurer, "I was given it by a(n) **(18)** (Adjective) wizard in return for **(19)** (Chore)!". The **(9)** (Animal) touched it cautiously. Straight away a **(20)** (Colour) light appeared from the item and started swirling around them both. Slowly the **(9)** (Animal) turned back into a **(10)** (Royal title).

"Thank you!", the **(10)** (Royal title) proclaimed "I will never forget this! In fact, I am actually very rich and famous and I want to give you a reward. What is the one thing you have always desired?"

"I can answer that straight away", said the adventurer. "**(21)** (Dreamed of having)".

And the **(10)** (Royal title) gave **(3)** (Character name) all that they wanted, and they lived...

...Happily ever after!
